This letter is regarding my strong recommendation of Kerzner Contracting Corp. for consideration in any type of construction project. I own eight Dunkin Donut/Baskin Robbins franchised stores in Nassau County, New York. Kerzner Contracting Corp. has successfully completed full building construction and complete re-model performance in six of my eight stores over the last ten years.

Woody Kerzner and Zack Kerzner, along with their crew and sub-contractors, have consistently completed my projects within the agreed upon price and within the timeframe set for the job. They are always on site leading every phase of the project and available to me as soon as I call them for consultation. Further, they work well with my architects in the planning stage as well as all municipal departments in gaining the final "CO" at the end. I've done business with many construction companies while in the retail industry, some good and some bad. This contractor is one that you can trust. They are all personable people who take pride in their reputation. They are committed to doing the right thing.

Should you want to get obtain any further information on Kerzner Contracting Corp., feel free to call me any time at the phone number below.

Yours truly,

David Jablon
