

September 26, 2014

We often do not take the time to acknowledge great accomplishments, or give credit to someone when they exceed normal expectations.

Each time I pass East Hills, I say, I have to do this.....
so today, I made the commitment to do just that.

Thank you for always raising the bar, whether it be this build, or in the numerous remodels you undertake yearly, I can always count on you guys to perform above expectations, and am very proud to be associated with each of your builds.

East Hills simply knocked it out of the park!

Thank you all for what you do each day,

Thank you,

Denyce Berg
